**BUSINESS OF THE MONTH—GIBSON AND SON FUNERAL HOME**

Our Funeral Home has a main chapel and an extra chapel for overflow. Our second Chapel can also be used for a second viewing room if needed. Our main chapel seats 75 and the second chapel seats 70. We can also use our lounge and front gathering room for extra seating, for a funeral, if needed. You enter our funeral home into the gathering room, where people can watch the video tribute of the deceased, while waiting to view the deceased and meet with the family. Our front porch, with rocking chairs, is a place to take a break and gather to visit. We offer a casket selection room with 16 full size caskets. Our lounge has a large counter and tables for food, a coffee pot and a refrigerator for your use. Our office is located where people have easy access for their needs. Our families tell us, it feels like they are at home, instead of at a funeral home.
